

# Unlock AI-Driven Efficiency, Security & Compliance for Mortgage Technology

## Why Mortgage Lenders & Servicers Trust Nexval.ai

The mortgage industry is evolving rapidly, and legacy IT systems can **slow down operations, increase compliance risks, and expose firms to cybersecurity threats.** At Nexval.ai, we bring AI-powered solutions to **optimize DevOps, security, cloud migration, and compliance**—reducing costs while enhancing efficiency and resilience.

			
AI-Powered Cloud & Infrastructure	End-to-End Security & Compliance Automation	Zero-Trust & VAPT for Cyber Resilience	Disaster Recovery & Business Continuity Solutions

## What We Offer

### Cloud & DevOps Automation

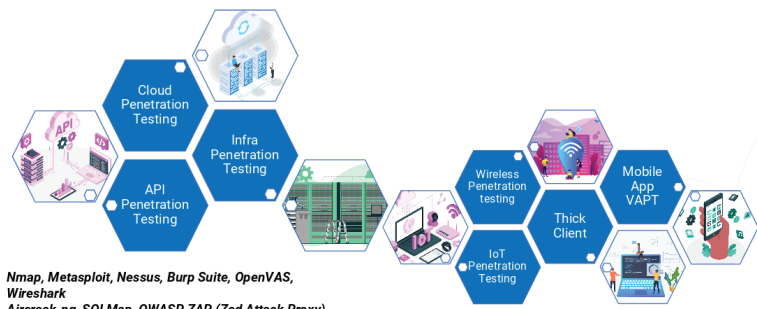

#### Seamless Cloud Migration & Modernization

- ✔ Migrate from **Windows 2012 to 2022, VMware to Proxmox**
- ✔ **AWS-native disaster recovery automation**
- ✔ **CI/CD pipeline automation** for faster DevOps cycles

## AI-Driven Security & Compliance

### Vulnerability Assessment & Penetration Testing (VAPT)

### Advanced Network Security

### Threat Management Services

- ✔ Automated AI-driven risk detection (**Nmap, Nessus, Metasploit, Burp Suite**)
- ✔ **Zero-Trust Network Security** to prevent unauthorized access
- ✔ Real-time compliance monitoring (**SOC2, ISO, HIPAA**)

### Results:

**40%** faster cloud migration, **99.9%** uptime, lower infrastructure costs

### Results:

**60%** faster threat detection, **Zero** security breaches post-implementation

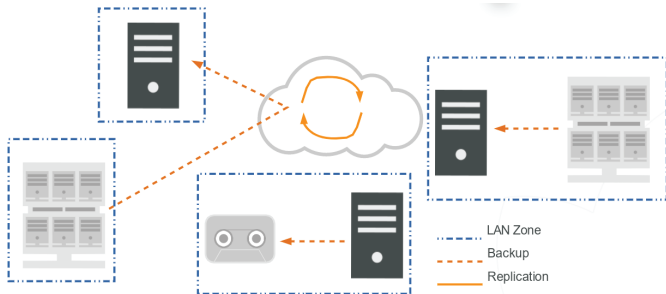

## Mortgage-Specific IT Solutions

### Title & Document Process Automation

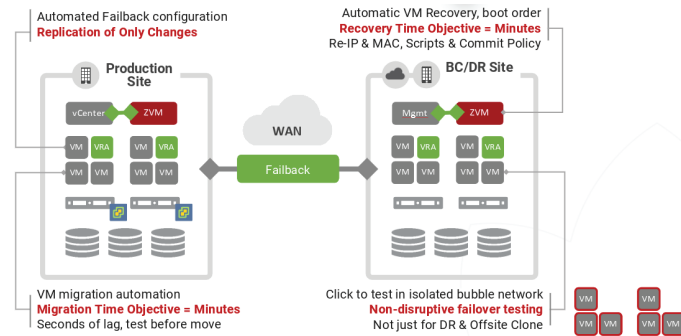

- ✓ AI-powered **Title Search & Indexing** for faster processing
- ✓ Compliance validation **reducing fraud risks**
- ✓ Seamless **LOS & servicing platform integration**

#### Results:

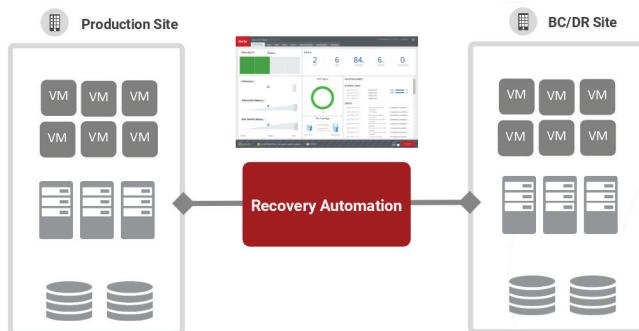

**50%** faster document processing, **30%** fewer compliance errors

Backup Scenarios with Backup Server

Backup Scenarios with Backup Server

Zerto Software Solution

## Business Continuity & Disaster Recovery (BC/DR)

### AI-Powered Disaster Recovery & Backup

- ✓ **Rubrik Air Gap Technology** ensures **immutable backups**
- ✓ **Zerto-powered failover automation**
- ✓ Continuous monitoring with **real-time ransomware detection**

#### Results:

**Instant recovery, Zero downtime, and compliance-ready backup protection**
